VOLUME XXVIII

WINTER 2013

ISSUE I

## IT'S SPRING TRAINING TIME!

**CCPOA OF IOWA (AP)** – The CCPOA of Iowa, Inc. is pleased to present the 2013 edition of our **Regional Spring Training Workshops** across the state! Special thanks to **Pottawattamie, Story & Benton counties** for stepping up to host these great training opportunities.

You are encouraged to take advantage of these “close to home” events which will also provide you with those additional in-service training credits you need to maintain your ILEA certification.

The AGENDAS for each of the three workshops follow on the latter pages of this newsletter. Please pay attention to the registration procedures, as well as the deadlines for each. The registration fee for each event is **\$10/person** – payable at the door. Please remember to honor your registration commitment to the host counties as they incur the cost of breaks and meals that you have RSVP'd for.

These regional training exercises have been a part of our annual structure since 1991 – please support the counties and officers that have gone through all this work to provide this training for you. Should you have any questions or specific needs – contact the host county in that region through the contact information provided. We look forward to seeing you at one of these annual gatherings!!

**AMMUNITION ADVISORY!!** You may wish to order your ammunition supply for this fall NOW! Even small bulk orders are taking up to 6 months to fill – so check with your supplier so you don't come up short!

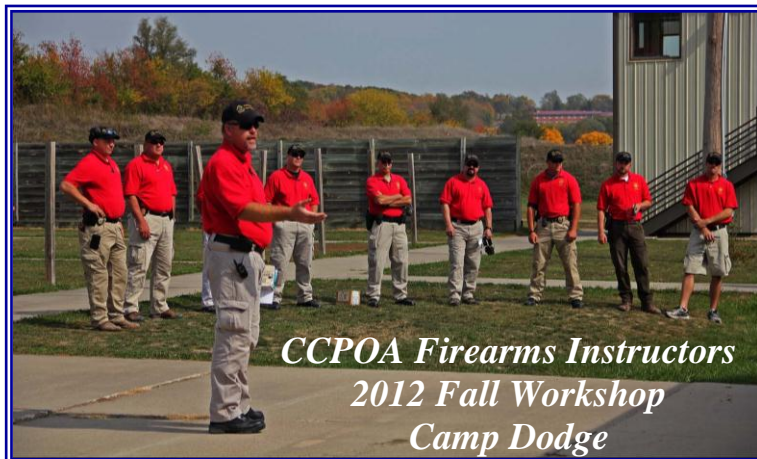

Tucker Anderson (Clayton), Charlie Finch (Polk), Scott Bahmann (Benton) and Pat Shehan (Webster) at the CCPOA Executive Committee Meeting last week in Waterloo.

**WINTERFEST (AP)** – The **CCPOA Executive Committee** held their regular winter meeting on January 23<sup>rd</sup> in Waterloo in conjunction with the 42<sup>nd</sup> IACCBE Annual Winter Conference. President Pat Shehan (Webster) chaired the meeting, with discussion centering on regional spring training workshops, our 28<sup>th</sup> Annual Fall Workshop - ILEACP Certification, Firearms training, etc. and how that program integrates into CCPOA training efforts. The committee also discussed potential appointees for the vacant “At-Large” position on the CCPOA Executive Board.

## A Training Files Reminder... (A refresher on the law & some guidelines ☺)

**501 – 8.1(80B) Minimum in-service training requirements.** All regular law enforcement officers shall meet the following mandatory minimum in-service training requirements.

**8.1(1) Firearms training.** A regular law enforcement officer must qualify with all duty handguns annually on a course of fire approved by the ILEA and must successfully fire a minimum score as established by ILEA. This rule applies to only those law enforcement officers who are authorized to carry handguns by their employing agency.

**8.1(2) CPR Training.** A regular law enforcement officer shall maintain cardiopulmonary resuscitation certification as required by the American Heart Association, the American Red Cross, or another group recognized by ILEA.

**8.1(3) General training.** In addition to the requirements of subrules 8.1(1) and 8.1(2), a regular law enforcement officer must receive a minimum of 12 hours per year, or 36 hours every 3 years, of law enforcement related in-service training. Whether training is law enforcement related shall be determined by the employing agency administrator.

**Pertaining to not only the training that is offered by the CCPOA, but for most all training.... please note the following:**

1. Remember – the reason we document, document, document our training is so that when our experience or authority is called into question via the courts....we have **EXCELLENT & COMPLETELY documented sources** of our training.
2. It is **YOUR JOB as an individual officer** to ensure that **YOUR FILES** are complete and documented – to the letter!
3. **YOUR** incomplete or sloppy training file(s) translates into your inconsistency and sloppiness as an officer to the court.
4. **DO NOT** include travel time to and/or from your training as a portion of your training hours.
5. **DO NOT** include lunch, breaks or other casual time as part of the hours for a particular training day or event.
6. Firearms and CPR Certifications are **NOT TO BE INCLUDED** in your annual 12 hours of required general training.
7. The CCPOA provides supplemental training during our annual Firearms Training Day (*clearing of weapons, weapon retention drills, etc.*) – this training **MAY BE INCLUDED** (as long as it is documented) in your required annual 12 hours of general training.
8. If you do not participate in our Firearms Training Day each fall, and only attend the Tuesday/Wednesday portion of the workshop – documenting 12 hours of training would be inaccurate. (*ie: Our 2010 workshop only provided 10.25 hours of in-service training credits on Tues./Wed.*) This is why you need to take advantage of our spring training opportunities. IF you miss our annual workshop Tuesday training – you will need to pick up your HAZ-MAT & ILEACP hours elsewhere.
