WORKSHOP 2019

FALL 2019

## From the President.....

*Nick Beeck, Plymouth County Conservation*

Ladies & Gents,

Hoping this edition of our CCPOA newsletter finds you as summer winds down and in anticipation of the fall months to come. Once again, your executive committee has been busy this past year as we continue working through several transitions statewide through the ICCS system and the accompanying growing pains. How exciting! Included within, you will find, yet again, another great training opportunity with the agenda for the 34<sup>th</sup> Annual Fall Workshop to be held October 7-9 at Camp Dodge. Lodging will also be same as in past years (see Ramada info page 2).

**New for this year-** your executive committee will be taking orders for some pretty sweet CCPOA apparel available for you to check out and purchase through an online system that has been set up. Details on page 4. Many thanks to Scott Bahmann (Benton CCB) for all his "leg work" with this!!

**Quick reminders-** please do not drag your feet getting registered for this workshop, as well as making your necessary lodging arrangements. We will be utilizing the online system for registration like last year. We have again attached the directions & helpful hints for your convenience. Looking forward to seeing you all again in a short six weeks and meeting any new officers that have joined the ranks these past 12 months.

Take Care

Nick

# C.C.P.O.A. FIREARMS TRAINING DAY – 10/7/2019

## 2019 UPDATE

Your *CCPOA Firearms Training Team* has once again tossed together another FINE training day for you! We will be located at the familiar site of Camp Dodge for our training this year. Training will be similar to that of previous years: Two daytime qualification courses, the subdued lighting course in the evening, and a “tactical” course which will include malfunction & reloading drills. We will again offer the shotgun course of fire as the last daytime relay before evening meal break. This shotgun qualification course is for those who want to qualify with the shotgun they carry on duty only.

### FEATURES OF OUR 2019 TRAINING DAY:

**#1)** We will again incorporate reloading and malfunctioning drills on the “tactical” course. It is a survival skill you need to practice on a regular basis. (*CCPOA dummy rounds may be utilized for these exercises*)

**#2)** FBI “Q” targets will be used for all the qualification courses: the FBI qualification courses, subdued-light qualification and shotgun qualification; also, will shoot Bullseye course. *The firearms instructors are encouraging **all officers** to practice their accuracy before coming to the CCPOA firearms training day and qualifications. A good way to practice is to shoot at paper plates at 25 yards. Set the goal of keeping all rounds fired on the paper plate.*

**#4)** TRAINING SITE FOR 2019 will be the **ILEA Range, Computer Range, and Tactical** at **CAMP DODGE**.

**#5)** Participants will be organized into color-coded squads with wristbands and squad-leaders. This has worked well the last several years to keep everyone better informed and organized, so this procedure has been permanently incorporated into our firearms training program.

**#6)** ALL PARTICIPANTS ARE REQUIRED TO SIGN A C.C.P.O.A. Firearms Rules form upon arrival to the range. **IF YOU HAVE HAD A CHANGE IN WEAPONRY SINCE 2017, PLEASE RECORD YOUR NEW WEAPON'S MAKE, MODEL & SERIAL NUMBER AND BRING IT WITH YOU FOR DOCUMENTATION.**

As in the past several years, we know that many of your law enforcement policies require an officer to wear his/her vest whenever they are armed – **your** training records should also reflect that you train and practice with the same equipment. It is also a range safety issue that the time has come to implement. With over 100 officers shooting each year, 23,000+ rounds of ammunition are being discharged – safety should be a primary concern for all participants – thus the requirement of the Firearms Rules listing. You will note that ALL of the firearms instructors will be wearing their vests once again this year, and the CCPOA requests that everyone who owns **a bullet-proof vest – plan on wearing it for all the training! WEARING EYE and HEARING protection IS REQUIRED ON THE RANGE!** Otherwise, please observe the following reminders from previous years - Each participant will be required to provide their own equipment and supplies: weapon, complete set of leather (nylon, etc.), ammunition (**250 rounds required – bring an additional 30 if you would like to shoot the computerized course twice**), speed loaders/spare magazines, heavy-duty flashlight, hearing & eye protection, staplers & staples, and **ice-cream buckets to police range brass**, etc. **If you want to shoot the shotgun qualification course Bring your duty shotgun, 11 rounds of rifled slugs & 5 rounds buckshot (00)**, If you have converted to a semi-auto weapon in the past 12 months, we need to have documentation on file with the CCPOA (*in the form of a letter from the ILEA certified Firearms Instructor that provided the instruction*). There will be an afternoon break provided, but NO LUNCH. Start time is at **1:00 PM** this year – so please plan your travel and arrival times to accommodate your luncheon needs.

A **special thanks** to our dedicated **CCPOA ILEA certified Firearms Instructors** who set aside their time to plan and implement our firearm training efforts: Alan Finke (Black Hawk CCB), Charlie Finch (Polk CCB), Travis Scott (Black Hawk CCB), Dave Ong (Scott CCB), Nick Preston (Shelby CCB), Pie Reighard (Keokuk CCB), Aaron Batchelder (Linn CCB), Justin Smith (Lyon CCB), and David Weidt (Polk CCB).

## **FIREARMS TRAINING DAY**

## **Drug Interdiction Patrol Tactics in Rural Areas**

*by MCTC*

This course is designed to provide rural law enforcement officers with the nuanced legal aspects of arrest, search and seizure for narcotics offenses. This course covers the hazards associated with conducting drug interdiction operations in rural areas, the indications of narcotics activity during traffic stops, and the proper techniques for conducting vehicle searches for the detection and identification of drug traffickers. This class will prepare the rural officer to disrupt drug trafficking, identify precursor chemicals and trafficking methods, and process the organized criminal threat to the security of communities. A strong emphasis is placed on intergovernmental cooperation and information sharing among agencies to better address narcotics threats, money laundering and ties to terrorism. This course recognizes that many rural law enforcement officers have limited resources available. These limited resources include a lack of financial availability, equipment, personnel and back-up officers. This course will introduce low-cost or no-cost equipment for accomplishing interdiction missions and provide options when back-up officers are not available.

## **NEW OFFICER ORIENTATION**

*(CCPOA Mentoring)*

*by CCPOA Executive Committee*

This 16<sup>th</sup> annual gathering of new member officers to the association will be held in a meeting room at the Ramada Inn, hosted by the 2018-2020 CCPOA Executive Committee. This session is for all new officers since October 2018, or new officers that have been unable to attend previous sessions. The program provides a unique blend of CCPOA history, activities and policies which members need to know about county conservation law enforcement in Iowa. The full CCPOA Executive Committee is in attendance – providing new officers with seasoned CCB officers from which to build their career networking connections. Supervisors (*primarily Directors*) of new officers are also welcomed to attend.
